

KLARIFIKASI

Judul : Alcoholysis of Kepyar Castor Seed Oil (*Ricinus Communis*) Using Alumina Silica Catalyst (Used Cracking Process in Pertamina RU III Palembang) at 1 ATM Pressure

Nama Jurnal : Journal of Computational and Theoretical Nanoscience (JCTN) Vol. 16 No. 12

Komentar : Topik makalah yang dipublikasikan beragam dengan substansi yang kurang relevan dengan nama jurnal. URL bukti korespondensi ditautkan ke makalah bukan proses review oleh tim editor. Perlu informasi proses korespondensi terkait substansi karya ilmiah.

Keterangan : Berikut kami lampirkan bukti proses review oleh Editorial team JCTN dengan judul jurnal terkait.

Dear Roni

Comments from the Editor and Reviewers for article: Alcoholysis of Kepyar Castor Seed Oil (*Ricinus Communis*) Using Alumina Silica Catalyst (Used Cracking Process in Pertamina Ru-III Palembang) at 1 Atm Pressure

Please revise the manuscript according to the reviewer's comments :

- 1-Title page and the system should be compatible in terms of author names. You can either withdraw the article and submit from the beginning or delete the authors that are not registered to the system.
- 2-Title of manuscript should be written 14 point size.
- 3-There should be 1 line space between paragraphs, after and before titles, tables, equations and figures. (1 line space with 0 pt paragraph spacing).
- 4-Table names should be edited according to journal format (please check manuscript template for table/figure name format)
- 5-Reference writing rules should be applied to reference list (check journal web site for reference writing rules).
- 6-All figures and tables should be mentioned in the manuscript.
Please align reference list (justify).

Regards
