Dear Atika

Comments from the Editor and Reviewers :

Please revise the manuscript according to the reviewer's comments for article: **Biodiesel from Jelantah Oil with Catalyst FCCU Base Chemical Al₂O₃ Based Speed of Statement and Comparison of Reaction**

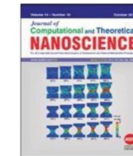

There have been many papers published on the investigated topic, which should review and discuss in this paper. Therefore, the paper should be revised as follows:

The format of manuscript is wrong. Manuscript should be copy paste to template manuscript without including author information. Manuscript should include university and magazine emblem, keywords and abstract sections should be compatible with template. Template manuscript has uploaded to files section. Please be sure that all rules applied to manuscript.

There are too many errors. Please read carefully to author guidelines also you can correct your mistakes by reviewing the uploaded template manuscript from files section
