

# Journal of Sustainability

The screenshot shows the MDPI Sustainability journal website. The page title is "Sustainable Water Management". It is a section of Sustainability (ISSN 2071-1050). The page includes a search bar, a "Submit to Sustainability" button, and a "Review for Sustainability" button. The "Journal Menu" lists various options like "Sustainability Home", "Aims & Scope", "Editorial Board", "Reviewer Board", "Topical Advisory Panel", "Instructions for Authors", "Special Issues", "Topics", and "Sections & Collections". The "Section Information" states: "Sustainable water management means to ensure using water in a way that meets both current and future socio-economical ecological demand. This section is aimed at improving the development and utilization of sustainable water resources management to meet increasing water demand worldwide. This section will provide information for water managers for managing water by applying sustainable solutions with a foreseeable risk." The page also displays an Impact Factor of 3.9 and a CiteScore of 5.8.

The screenshot shows a Gmail inbox with an email from sustainability@mdpi.com. The email subject is "[Sustainability] Manuscript ID: sustainability-2073215 - Review Request Accepted". The email content reads: "Dear Dr. Yulwati, Thank you very much for agreeing to review this manuscript: Manuscript ID: sustainability-2073215 Type of manuscript: Brief Report Title: Insights on harnessing domestic biowaste for greening the green city of Benguerir in Morocco Authors: Ngonidzashe Chirinda \*, Mohamed Louay Metougui, Mohamed El Gharous Submitted to section: Sustainable Water Management [https://www.mdpi.com/journal/sustainability/sections/Sustainable\\_Water\\_Management](https://www.mdpi.com/journal/sustainability/sections/Sustainable_Water_Management) The review report form can be found here: <https://susy.mdpi.com/user/review/review/33337470/gj5J2kmQ> The review report due date is: 4 December 2022".

[Sustainability] Manuscript ID: sustainability-2073215 - Thank you for reviewing: paper published

**MDPI - Website Editor** <website@mdpi.com>  
to me, Sustainability, Aleksander, Helena

Dear Dr. Yuliwati,

We are writing to inform you that the following paper which you kindly reviewed has been published:  
<https://www.mdpi.com/2071-1050/15/3/2208>

Thank you for your participation in the peer-review process. The paper was accepted by the Academic Editor following the peer review process, in which review reports were received from 2 reviewers. To see comments from the manuscript's other reviewers please create an account on our submission system at <https://susy.mdpi.com> with your review email, [deeyuliwati@gmail.com](mailto:deeyuliwati@gmail.com), and visit the "Reviews" Section.

You may also download a PDF certificate (<https://susy.mdpi.com/reviewer/certificate/displayFile/12042313>) of your review record.

Review: Reviewer-report-from-Erna-Yuliwati

1. → Sub-Chapter-2.2, typho-error-please-revise-as template.
2. → There are not figure-in-the-discussion-section. Please provide the graph-to-show-the-composition-of Notrogen (N), Phosphorus (P), and Potassium (K) with standard deviation (because the datas were collected on four sampling days).
3. → Please-add-the-analysis-for-each parameters in-the-discusions-sections. The-analysis-were-too-short-to-acceptable-for-Membranes.
